Foreword	v
Introduction	vi
1 Scope	1
2 Normative references	1
3 Terms and definitions	1
3.1 Terms related to water information.....	1
3.2 Terms related to entities involved in water information verification and validation.....	2
3.3 Terms related to the water statement.....	3
3.4 Terms related to verification and validation.....	4
4 Principles	9
4.1 General.....	9
4.2 Impartiality.....	9
4.3 Evidence-based approach.....	9
4.4 Fair presentation.....	9
4.5 Documentation.....	9
4.6 Conservativeness.....	9
5 Requirements applicable to verification/validation	10
5.1 Pre-engagement activities.....	10
5.1.1 General.....	10
5.1.2 Type of engagement.....	10
5.1.3 Level of assurance in the case of verification.....	10
5.1.4 Objectives.....	11
5.1.5 Criteria.....	11
5.1.6 Scope.....	11
5.1.7 Materiality thresholds.....	11
5.1.8 Language.....	12
5.2 Verification/validation team selection.....	12
5.3 Verification/validation activities and techniques.....	12
5.4 Specific requirements.....	12
5.4.1 Verifier/validator communication.....	12
5.4.2 Sufficiency of evidence.....	13
5.4.3 Intentional misstatement.....	13
5.4.4 Documented information.....	13
5.4.5 Process for completing a verification/validation.....	13
6 Verification	14
6.1 Planning.....	14
6.1.1 Strategic analysis.....	14
6.1.2 Risk assessment.....	15
6.1.3 Evidence-gathering activities.....	17
6.1.4 Site visits.....	18
6.1.5 Verification plan.....	20
6.1.6 Evidence-gathering plan.....	20
6.1.7 Approval of verification and evidence-gathering plans.....	20
6.2 Execution.....	21
6.3 Completion.....	21
6.3.1 Evaluation of the water statement.....	21
6.3.2 Conclusion and draft opinion.....	21
6.3.3 Verification report.....	22
7 Validation	23
7.1 Planning.....	23
7.1.1 Strategic analysis.....	23
7.1.2 Materiality thresholds.....	24
